

# Sabre Stone Ltd

Downloadable Room Planner

**Sketches / Notes** Please specify all measurements in metric units; m/cm/mm

### Step 1 - Sketch us your requirements

Please print out this form to send us a copy of your room layout plans. We can work with print-outs from your kitchen designer, or you can supply us with a rough sketch using the grid provided. We will then get in touch to supply you with a tailor-made quote.

### Step 2 - Fill out our Quote Form

Square metres of granite/marble/quartz required?

Simply multiply length x depth of work tops required to calculate metres sq  
eg. 2400 x 620mm = 1.488msq

No. of polished cut outs?

For under-mounted sinks eg. Belfast = 1 polished cut-out

No. of drainage grooves?

Usually grouped in 5 at a length of 450mm on either one or both sides of the sink

No. of standard cuts?

No. of surface mounted hobs, sinks, etc. i.e. 1 hob + 1 sink = 2 standard cut outs

No. of polished edges?

For under-surface sinks - e.g. Belfast sinks

Linear metres of upstands required?

Linear metres of Upstands required

Metres of splashbacks required?

Simply multiply width x height of the splashback required to calculate metres sq  
Eg. 700x750mm=.525msq

Yes / No

Templating required?

Templating ensures a perfect fit for worktops

Yes / No

Fitting required?
